

## COMPONENTS OF THE FASTBAGGER

### How It Works

The FASTBAGGER is a simple and convenient product which holds a standard garbage bag open while it is being filled. Simply drop the bag through the center of the ring, fold the bag over the outside and secure it with the attached bungee cord.

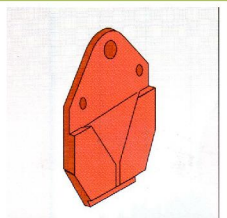

### Fastbagger Ring

The FASTBAGGER Ring is a high impact polystyrene injected, plastic ring with an elasticized cord that anchors the garbage bag in a fully open position.

### Fastbagger Bracket

The FASTBAGGER Bracket can be mounted on any flat surface. Its unobtrusive appearance makes it suitable for mounting on your fence, garage, storage room, business or made portable on a ground stand or cart.

### Fastbagger Ground Stand

The FASTBAGGER Ground Stand makes yard and garden work a breeze. The sturdy metal stand can be inserted in any lawn or garden area to support the FASTBAGGER Ring while working or enjoying the outdoors.

The FASTBAGGER comes complete with the ring, two brackets (for multiple mounting locations), instructions and 4 mounting screws. Optional ground stand sold separately.

## THE MULTIPLE USES OF THE FASTBAGGER

### Recycling Station

The FASTBAGGER makes the sorting of regular garbage, recyclables, and bottles and cans for the depot clean and easy in your pantry, basement, garage or business.

## COMPARE THESE SCENES The hard way vs the FASTBAGGER way

## THE MULTIPLE USES OF THE FASTBAGGER

### Camping

The FASTBAGGER's compact design is the perfect choice when storage space is at a premium. The ring and bracket can be mounted directly on your RV or a portable ground stand.

## Environmentally Friendly

The FASTBAGGER is a friend to the environment, the ring is made from recycled plastics, and it is used to help organize and dispose of your waste products responsibly.

## Lawn and garden clean up made easy!

When cutting lawn or working in the garden, the FASTBAGGER can be mounted on the convenient ground stand, a portable cart, or attached to your fence, deck, etc. The FASTBAGGER comes complete with the ring, two brackets (for multiple mounting locations), instructions and 4 mounting screws. Optional ground stand sold separately.

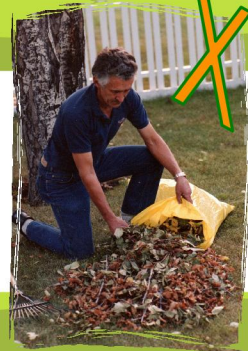

## Parks and Recreation

Festivals, Farmers Markets, Sporting Events, anywhere you may need multiple garbage and recycling receptacles the FASTBAGGER sets up easily, and stores away in small spaces when not in use.

## Trash Clean Up

Improve your posture while doing park clean up. The combination of the ring holding the bag open and the removal hook, ensures more efficient and cleaner handling of the debris.

## Shop or Garage

The versatile FASTBAGGER is an excellent option for use in your shop, lunch room, garage etc and stores conveniently when not in use.

## Save your back!

With the FASTBAGGER, the open bag is easily filled with the rake not your hands. No need to be on your hands and knees trying to hold the bag open and push in the leaves at the same time. Also there is no heavy lifting involved out of a container, just release the elasticized cord on the ring, and remove the bag at ground level.
